

OCTOBER 2020

WELCOME

Hi WARHA members! Another new month, Christmas and the new show year is getting closer and I am really looking forward to seeing all the new members out showing and enjoying our great sport.

Even though it has been a very tough year around the world, here in WA most of us have escaped unscathed and WARHA has been able to run some great club days and clinics. The only way these events can happen is with the backing of a very hard working committee.

The WARHA AGM is just around the corner so if any member would like to get involved and get on the committee please talk to any of the current committee; they will be happy answer any questions.

I called in to Pete Webber's clinic today to watch Kerry on Hootchy and Pete riding Michael and I must say Pete is doing a great job with him. It was also pleasing to see Pam & Tim Sharpe and Kate & Dennis Admiraal improving their skills. Bec attended the clinic with much dedication. I can see some serious competition coming in the new year.

The committee have started to arrange an end of year function. There have been a couple of ideas so far, i.e. going to a country pub for lunch or a fun club day. If any member has any other ideas, please let us know.

One last thing, if any member wants to watch some serious Reining, the NRHA Futurity starts on the 26/11. To watch the show, just log onto nrha.com and follow the links. When the planes start flying again I encourage every Reiner to visit the Futurity at least once, it is an absolutely amazing experience and the shopping is not bad either.

That's it for me Reiner's, Slide Long and Spin Fast

Club Days –

10th October –

We held a club day, it was a quiet morning with a few riders, Glenn, Kerry, Jessica, Liz, Deb, Kevin & Kate.

Kerry & Liz wandered off for a little trail ride around the grounds, while Kev had a go at riding Glenn's horse CC. Jess had her young buckskin filly out, she is starting to get more and more relaxed coming out.

Everyone is welcome to Club Days, bring friends and family to come enjoy a morning of riding in the undercover arena.

Our Last Club day for the year is-

****November 14th****

Keep watch on our Facebook Group for details

At Karinya Equestrian Park - 27 Grant Street,
Orange Grove.

\$10 Ground fee per horse

\$10 Day membership (if not already a WARHA member)

Bring a chair & a plate to share for morning tea.

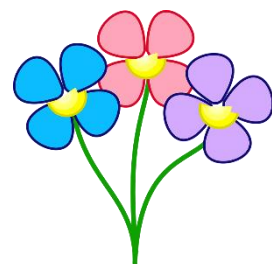

Please clean up all hay and manure before leaving

On the 17th of October, WARHA held our last show for the year at Orange Grove.

“SPRING BACK INTO REINING SHOW”!

Committee member Gary Woolaway was our judge for the day and alongside him, was Julia Humphries as scribe. Liz Galliot was our gate lady with her encouraging comments as each rider entered the arena. Kevin Harrison dragged the arena before, during and after the show. Lyn Compton's son Jeremy came to take some pictures of everyone. Dennis was our BBQ Chef for the day. The coffee van came at lunch with her delicious coffee and hot drinks! Minh Lockyer had her lovely show shirts on display and donated a shirt to each 1st placegetter! So nice of Minh

for her support! Thank you all the committee for their help behind the scenes and on the day for organising a great little show day!

We held classes from Lead line & Beginner through to Open & Advanced. Great to see lots of beginners and intro Reiner's getting out there!

Congratulation to all those who competed in the October Show and well done to those who placed. We had a little presentation at lunch presenting the prizes from this show and presented the prizes to the placegetters from the previous Shane Watts Show. Great work every one, I sure am looking forward to next year's shows !! Roll on 2021 I say!

Members Spotlight!

This month Members Spotlight is on-
DENNIS ADMIRAAL,

Horse & Info about Horse-

Jack (Shot of Gold) Buckskin, quarter horse x thoroughbred, we bred Jack 10 years ago, as an all rounder horse. Kate took him to his first show earlier this year. Jack has been to loads of clinic's. He can be testing at times but I enjoy the challenge.

Rider Info & How it all began-

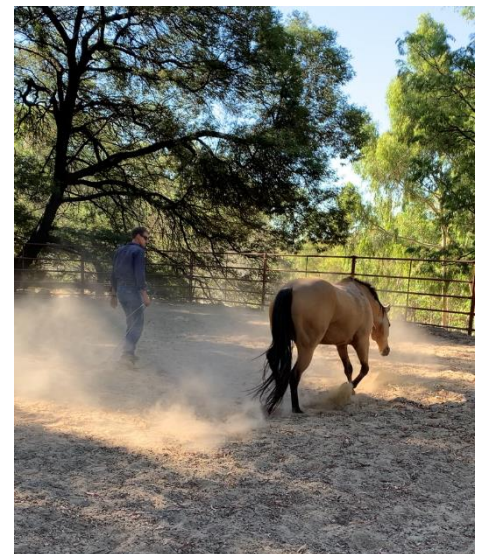

I only got into horses when I met Kate 16 years ago, before that you wouldn't see me anywhere near those unpredictable creatures. Kate got me a Shetland as my first horse to play around with, then a perfect bombproof push button Stock horse X Quarter horse, Brut was his name, he was a massive confidence builder, had me out there zooming around in no time. Unfortunately he passed away. He was one of those one in a million type horses. Kate got me on a few of her crazy TB's (I think she was secretly trying to kill me)! A few years later I bought an old Chestnut quarter horse (Cody) a nice plod around horse, Kate of course stole him off me, that's when I had to do the horse swap, and take on Jack. Pretty sure I got the raw end of the deal there. Jack can be a great horse and also a very challenging horse, best of both worlds! I really enjoy the ground work and horsemanship sides of things. Earlier this year, I bought a weanling paint filly, from Victoria a half-sister to Kate's Paint mare. Looking forward to the future with her!

How you got into reining?-

I became a member of WARHA this year. I have been to a few club days at Orange Grove. Nice facilities there! I've also helped out at a few of the shows & mini clinics with lunches, still yet to enter an actual show tho, maybe next year!

Favourite Trainers - I don't have one in particular favourite trainer, I do enjoy watching Andrea Fappani, Matt Mills & Casey Deary Tips.

Julia Humphries welcomes a little Filly to the world!

At 7:30pm on Thursday the 22nd October, I noticed my mare Poppy was pacing around, she then went for a gallop and a buck and I thought this was unlike her in her late stage of pregnancy. She then layed down only to get up a few seconds later. I knew what was happening. Next minute as I watched from the kitchen window, I could see the bag appear. Holey crap, it really was happening, and fast! Raced outside and got a huge relief when I saw two feet and a nose. I'd watched a DVD of labour and all the possible wrong ways a foal could be born and what you had to do to fix them. I could already tell it was a chestnut from those little legs. By 8.30pm, Lily was born. A perfect delivery, a perfect maiden mum and a perfect chestnut filly who called out as soon as I tore the bag from her nose.

Everything has gone so smoothly. Poppy has just been the

best mum and is loving her job. Lily did all the right things with standing, drinking and pooping all within normal limits. She loves a scratch and to go for a burn each morning when they get put out in the paddock. The only things that annoy her are the flies and mums milk taking too long to come down. She stamps her feet and paws and even kicks out. I hope this isn't a chestnut mare thing.
